## Brute Marine Oil Water Separator Partial Customer List

SkimOIL, Inc. has been in the business of building and furnishing oil water separators since 2002 and has built a reputation for quality separators that are reliable, efficient and affordable. The BRUTE line of Bilge water separators is now being specified with many new ships. These separators are fully certified to the latest IMO MEPC 107(49) standards and are installed and operating all over the world. Below is a list of just a few of the companies that are using the BRUTE separators. The number of units operating worldwide is now well over 1500.
